

Integrated Amplifier

After ten years of continuous development, the third generation of integrated amplifiers p from more esoteric pre and power combinations. All Exposure integrated amplifiers featu highest quality components. The Super 15 has an excellent internal Moving Magnet or M 10, 20 and 25 are line level only, with the Super 10 having the added benefit of volume R and improved circuitry.

model shown: RC25

"If you partner it well, and enjoy the uncompromising way it plays music, there's very little to say against this amp"

Features

- ❖ 250VA Power Supply
- ❖ Bi Wire Facility
- ❖ 4mm Gold Plated Speaker Sockets
- ❖ Toroidal Transformer
- ❖ Alps Volume Potentiometer
- ❖ Aluminium Case and Front Panel

Super 10 - 2 x 50w into 8Ω

- ❖ 7 Line Inputs, 1 Tape Output
- ❖ Tape Monitor
- ❖ Remote Control Volume

Super 15 - 2 x 60w into 8Ω

- ❖ Moving Magnet or Moving Coil Phono input
- ❖ 4 Line Inputs, 1 Tape Output

Super 20 - 2 x 60w into 8Ω

- ❖ 5 Line Inputs, 1 Tape Output

Super 25 - 2 x 60w into 8Ω

- ❖ 6 Line Inputs, 1 Tape Output
- ❖ Remote Control Operation
